

Importers, Stockist, Exporters and Suppliers of

HIGH NICKEL ALLOYS AND OTHER EXOTIC ALLOYS

ABOUT US

SMM Industries LLP is a notable and recognized entity, having several years of experience in this industry and several certifications, for the top-notch quality of products offered. We specialize in the Import & Stocking of Pipes, Tubes, Sheets, and Plates, as well as Coils in various materials like High Nickel Alloys, Super Duplex & Duplex Steel, Stainless Steel, and other Exotic Alloys. We are committed to producing high-quality products while adhering to national and international standards, as well as environmental management and safety. We supply and export these products to various industries like Oil and Gas Refineries, Chemical, Power Generation Plants, Filtration, Destination Units, Fuel, Medical Industries, and so on.

We provide high-quality solutions to our clients and purchasers worldwide to achieve larger and sustained growth. Our products are well-known for their dependability, safety, MTC, and performance. The products we offer are manufactured under the strict supervision of professionals using high-quality raw materials to ensure that our customers receive the best quality products for their applications. Our commitment to long-term relationships with suppliers and customers is a key part of our success.
